

Student's name: _____

Leonardo Da Vinci

Leonardo da Vinci was born in 1452 in the little town of Vinci, near the city of Florence. He spent most of his life in Florence, starting out as a trainee painter at 14. He became a great engineer, scientist, architect and inventor as well as painter. He was ahead of his time and produced many great ideas and inventions.

His most famous painting is the Mona Lisa, painted between 1503 -1506. He kept the painting with him for the rest of his life. He also painted a Last Supper scene.

He produced plans for moving wagon (car), a helicopter and glider, a parachute, pump systems for water and canal systems. He drew plans for cannons, machine guns and even a tank.

Leonardo da Vinci died in Cloux, France, in 1519, at the age of 67 years old, in the service of the King of France.
